

Course Description

This course is directed at residents nearing the end of training, with a goal of preparing for the board exam or practising otolaryngologists seeking a thorough review of contemporary otolaryngology – head and neck surgery. The faculty will be comprised of many past and current examiners. The course will include didactic lectures covering all major areas of otolaryngology – head and neck surgery and finish with a morning of Royal College style mock oral exams. Lectures will focus on the highest yield components of each topic. Last years' course was rated 5/5 overall by all attendees.

Registration will include daily breakfast, 2 coffee breaks and lunch. Course registrants will also receive a copy of all lecture notes as well as the 1st edition of "Passing the Otolaryngology Head & Neck Surgery Board Exam. A Comprehensive Question & Answer Based Review" comprised of a 2500+ question and answer bank.

Accreditation

All confirmed attendees will receive a Certificate of Attendance.
