## **Pediatric Otolaryngologist - Head and Neck Surgeon**

**Full Time**

**BC Children's Hospital**

**Provincial Health Services Authority**

**Vancouver, BC Canada**

British Columbia Children's Hospital (BC Children's) and the University of British Columbia (UBC) are seeking a full-time Pediatric Otolaryngologist-Head and Neck Surgeon. BC Children's serves as the major referral centre for infants and children throughout the province of British Columbia and the Yukon (population 5.1 million).

The successful candidate will join a group of five full-time fellowship-trained Pediatric Otolaryngologists at a freestanding Children's Hospital built in 2017, providing the full spectrum of tertiary Pediatric Otolaryngology care. The candidate will work in a highly-collaborative teaching environment with nurses, allied health professionals, fellows, residents, and medical students. They will join a busy clinical practice including dedicated operating room time, involvement in several multi-disciplinary clinics and clinical outreach including servicing Indigenous communities. On-call will be a 1 in 6 rota.

To be eligible a candidate must have: completed fellowship training in Pediatric Otolaryngology-Head and Neck Surgery; certification in Otolaryngology-Head and Neck Surgery from the Royal College of Physicians and Surgeons of Canada (or equivalent); and be eligible for licensure by the College of Physicians and Surgeons of British Columbia. The preferred candidate will also have sub-specialty interest and experience in performing pediatric advanced otologic procedures. The preferred candidate will have demonstrated a commitment to academic excellence, supported by advanced training in clinical research, surgical education or quality improvement. Successful candidates must also be eligible for and obtain an appointment to the Division of Otolaryngology-Head and Neck Surgery in the Department of Surgery, Faculty of Medicine at UBC.

All interested applicants are requested to send a letter of interest, curriculum vitae, and the names and contact information of three referees, directed to the Chair of the Search Committee:

Dr Neil K Chadha MBChB(Hons) MPHe BSc(Hons) FRCS  
Head, Division of Pediatric Otolaryngology-Head and Neck Surgery  
B.C. Children's Hospital  
Clinical Professor

*BC Children's Hospital provides expert health care, including mental health care, for the most seriously ill or injured children from across British Columbia. Child development and rehabilitation is provided by Sunny Hill Health Centre for Children, a program of BC Children's. In addition to providing specialized pediatric services — many of which are not available elsewhere in the province — BC Children's is the province's leading teaching and research facility for child health. As a hospital of the Provincial Health Services Authority (PHSA), BC Children's strategic action plan supports PHSA's strategic direction, outlined in the PHSA Service Plan. We are grateful to all the First Nations who have cared for and nurtured the lands and waters around us for all time, including the xʷməθkʷəy̓əm (Musqueam), Skwxwú7mesh Úxwumixw (Squamish Nation), and səliłwəta? (Tsleil-Waututh Nation) on whose unceded and ancestral territory BC Children's is located.*
