

ENT ASSOCIATES BARRIE, ON

ENT Associates of Barrie, Ontario are currently recruiting for a General Otolaryngologist Head & Neck Surgeon to join our expanding group.

The opportunity is available immediately.

The position will include OR Time, shared by the group, as well as time for minor procedures in Ambulatory Care at the Royal Victoria Regional Health Centre. Office work is in one or more of our three locations in Barrie and Collingwood. On-Call responsibilities with our shared Barrie-Orillia Regional On-Call Group will be expected. All new surgeons are considered Locum Tenens for their first year at the Royal Victoria Regional Health Centre, but the successful candidate will likely be offered a Permanent Position when that year is completed.

The ideal candidate will have:

- Fellowship of the Royal College of Surgeons of Canada, or equivalent
- Registration with the CPSO
- Canadian Citizen or Canadian Permanent Residency
- Active interest in teaching and training of Residents, Medical Students, and Physician Assistants through our affiliations with the Barrie Family Practice Teaching Unit, the Rural Ontario Medical Program and the Health Training Facility at Canadian Forces Base Borden.

Our principal hospital is the Royal Victoria Regional Health Centre in Barrie, where, with over 400 Primary Care and Specialist Physicians on staff, we provide a broad range of Secondary Care Services and some Tertiary Care. We also have credentialing and resources available in four other hospitals in the region and beyond, resulting in a broad array of future practice options within the group.

Barrie is one of the most desirable places to live in Canada, and one of the fastest growing. Come and find out what everyone's been talking about!
