

Otorhinolaryngologist (Vitalité Health Network)

Location: Edmundston/Bathurst

Type of position: Regular

Positions available: Four (4) – Vitalité Health Network, located in New Brunswick, is seeking to recruit four full-time otorhinolaryngologists (ENTs) for two of its facilities located in the north of the province.

Job description

The physician enjoys great clinical independence in the diagnosis, care and treatment of medical problems within their field of specialization. They exercise independent judgment, carry out surgical procedures, provide outpatient services and act as consultants with other physicians. In summary, they are responsible for the provision of otorhinolaryngology care to the population of northern New Brunswick. The Network expects the physician to participate in the training of medical students and residents.

Employer

Overview of the Regional Health Authority – Vitalité Health Network is one of the two regional health authorities (RHAs) in New Brunswick. The Network is the only francophone managed organization of its kind in the country and provides services in nearly 70 sites and points of service throughout four health zones covering all the northern region and part of the southeastern region of the province. Services and care are provided in the official language chosen by the patient and are available at home, in the community or in a facility, according to needs. The range of services includes prevention and health promotion, treatment of illness, rehabilitation, home care and palliative care. Services provided by Public Health, Community Mental Health, Addiction Services as well as services provided by Community Mental Health Centres, the Extra-Mural Program and veterans' centres complement those provided by hospital facilities, giving the Network a broader range of health care services. The Network is also active in the training and research fields, with these efforts helping to keep employees' skills up-to-date and to plan for succession. For more information, please visit the Network's website at www.vitalitenb.ca.

Hours of work

- Based on the agreement set by the department head / chief of service
- Evening and weekend on-call coverage shared amongst department members

Nature of the work

The position includes professional medical work performed by a licensed specialist (holding specialist licensure recognized by the College of Physicians and Surgeons of New Brunswick). The physician demonstrates great clinical independence in the diagnosis, care and treatment of medical problems within their field of specialization and they exercise independent judgment. However, the results and observations may be monitored and evaluated by the physician's department or clinical program head, or by the service chief or medical director responsible for the department to which the physician

belongs. Their work may also be monitored by the Local and Regional Chief of staff and by the Medical Director responsible for their zone within the RHA. The physician abides by the By-laws of the RHA.

Remuneration

Remuneration is based on a fee-for-service model, according to which New Brunswick Medicare pays fees directly to the medical staff for any service provided. Payroll deductions cannot be provided.

Qualifications

- Degree from a recognized medical school and postgraduate university degree in the field of specialization (ENT)
- Certification from the Royal College of Physicians and Surgeons of Canada or from the American Board
- Eligibility to obtain a licence to practice medicine from the College of Physicians and Surgeons of New Brunswick (to contact the College: <https://www.cpsnb.org/>)
- Proficiency in French and/or English (priority will be given to candidates with a good command of French and/or English)

Expected start date

As soon as possible

Incentives

- Possibility of a location grant depending on eligibility, as determined by the Department of Health (return of service required)
- Moving expenses allowance
