

Pediatric Otolaryngologist - Head and Neck Surgeon

Regular Full Time

BC Children's Hospital

Provincial Health Services Authority

Vancouver, BC Canada

British Columbia Children's Hospital and the University of British Columbia are seeking a full-time Pediatric Otolaryngologist-Head and Neck Surgeon. BC Children's Hospital serves as the major referral centre for infants and children throughout the province of British Columbia and the Yukon (population 4.8 million).

The successful candidate will join four full-time Pediatric Otolaryngologists at a freestanding, newly-built Children's Hospital providing the full spectrum of tertiary Pediatric Otolaryngology care. The candidate will work in a highly-collaborative teaching environment with nurses, allied health professionals, fellows, residents, and medical students. They will join a busy clinical practice including dedicated operating room time, involvement in several multi-disciplinary clinics and clinical outreach including servicing Indigenous communities. On call will be a 1 in 5 rota.

The preferred candidate must have: completed fellowship training in Pediatric Otolaryngology-Head and Neck Surgery; certification in Otolaryngology-Head and Neck Surgery from the Royal College of Physicians and Surgeons of Canada (or equivalent); and must be eligible for licensure by the College of Physicians and Surgeons of BC. The preferred candidate will also have sub-specialty interest and experience in performing Pediatric Cochlear Implantation, Advanced Otologic procedures, and managing Vestibular Disorders. An academic interest, supported by advanced training in clinical research, surgical education or quality improvement, would be an asset. Candidates must also be eligible for appointment to the Division of Otolaryngology-Head and Neck Surgery in the Department of Surgery, Faculty of Medicine at University of British Columbia.

All interested applicants are requested to send a letter of interest, curriculum vitae, the names, ranks and contact information of three referees, directed to:

Dr Neil K Chadha MBChB(Hons) MPHe BSc(Hons) FRCS
Head, Division of Pediatric Otolaryngology-Head and Neck Surgery
B.C. Children's Hospital
Clinical Associate Professor

BC Children's Hospital (BCCH) cares for the province's most acutely ill or injured children and youth, provides developmental and rehabilitation services to children and youth throughout BC, and offers a broad range of health services. Sunny Hill Health Centre for Children (SHHC), a leading provincial facility offering specialized services to children and youth with developmental disabilities from birth to age 19, works collaboratively with BCCH. SHHC focuses on the child and their family while supporting health care professionals in their community. BCCH also operates a wide number of specialized health programs, is a leading acute care teaching facility, and conducts research to advance health and care through the BCCH Research Institute and in partnership with the University of British Columbia.
