SECTION 3 CREDITS
COURSE DESCRIPTION

This course is designed for the practicing otolaryngologist who wishes to enhance his or her knowledge in upper aerodigestive tract endoscopy in adults and children. This is a hands-on simulation course with use of mannequins for practice of upper endoscopy in the airway and esophagus. The course is meant for a refresher on how to assemble the equipment and the nuances of upper endoscopy. The material will be presented via a short didactic lecture on review of critical anatomy. This will be followed by a hands-on lab portion with assessment and feedback.

COURSE OBJECTIVES

After active participation in this course, participants will be able to:

• Identify and assemble the appropriate instrumentation for upper aerodigestive tract endoscopy in children and adults
• Perform rigid bronchoscopy and esophagoscopy
• Review possible complications of endoscopy and their management algorithms
