DOWNLOAD YOUR PRESENTATION

- Building on the success of last year to expand the scientific exchange of ideas between presenters and attendees, we again strongly encourage you to submit your presentation to the electronic portal for upload and e-communication. The content and your contact details will reach a broader audience and be shared with other meeting attendees.
- To upload your presentation details logon to: <http://otohns.ca/my-abstracts/> From there you'll be able to see all the abstracts you submitted. Under each accepted abstract there will be a red box asking you to upload presentation files. You can click that link to upload. Once done, the box will turn green. Under each box is also a drop-down section. If you click on this grey box, you will see a unique QR code for that presentation. Attendees will be able to scan these codes with their smartphone to view your details. Please note

that this process is voluntary, and is only designed to better our Society's scientific discourse.

Congratulations to Dr. F. Gigi Osler, the 2017 CMA President-elect Nominee

We are very pleased to announce that Dr. Osler has been selected by the members of Doctors Manitoba to be the nominee as president-elect of the Canadian Medical Association (CMA). Voting took place from February 1 to 22. Pending confirmation of the nomination by General Council in August, Dr. Osler will serve as president-elect until August 2018, where she will then become CMA President.

“Now more than ever, we need a healthy and unified voice for Canadian doctors,” explains Dr. Osler in one of her videos. “Think of it this way – what do you need and want from the CMA? And, more importantly, how can we better engage with you?”

To add to the honours, Dr. Osler is the recipient of this year’s Health or Safety Promotion Award from Doctors Manitoba. This is an award given to an individual for their contribution toward improving and promoting the health or safety of Manitobans specifically or humanity in general.

A graduate from the University of Manitoba, Dr. Osler has been practicing in Winnipeg since 1998. She is currently Head of the Section of Otolaryngology-Head and Neck Surgery at St. Boniface Hospital and is an Assistant Professor with the Department of Otolaryngology-Head and Neck Surgery at the University of Manitoba. Dr. Osler’s work is not limited to Canada; she has spent time educating physicians and nurses in Vietnam as part of the Canadians Helping Kids in Vietnam initiative, and has also volunteered in Africa to help train other surgeons.

Throughout her campaign, Dr. Osler promised to address physician health, ensure work-life balance and promote leadership development for all physicians. Excellence in medicine runs throughout her family, as Dr. Osler is the great-great-niece in law of Sir William Osler, one of Canada’s most famous physicians and former CMA President.

Dr. Françoise P. Chagnon of Montreal QC President, the Royal College of Physicians and Surgeons of Canada

(Excerpt from RCPSC media release February 24, 2017)

Our congratulations to Dr. Chagnon, the new President of the Royal College of Physicians and Surgeons of Canada (2017–2019).

She has already earned a long list of accomplishments from her career: voice specialist to professional artists, businesswoman for an international family business and hosting presentations at McGill’s Schulich School of Music. Now she has another position to add to her resume: 44th President of the Royal College of Physicians and Surgeons of Canada.

Effective today, the McGill educated otolaryngologist heads an organization that represents over 48,000 medical specialists in Canada. Her focus during her two-year mandate is promoting engagement between Fellows and the Royal College.

“I want to grow this profession through mentorship, ensuring all specialists have our support at every stage in their career,” she said. “By bettering ourselves, we’re giving our patients the best care every day.”

Continued

Continued

Facts about Dr. Chagnon include: • She holds appointments at the McGill University Health Centre, St. Mary's Hospital Center, and l'Institut universitaire de g riatrie de Montr al • She was the founding director of the Montreal General Hospital Voice Clinic • Currently the director of two organizations: l'Assurance d'Hospitalisation Canassurance and Lallemand Inc. • National oversight, Montreal-based: one of a handful of national association leaders based in Montreal

She succeeds Past President Dr. Kevin Imrie, MD, FRCPC, a Toronto hematologist and award-winning educator.

Dr. Chagnon has been involved with the Royal College for many years before her appointment as President, managing the Financial Reporting and Risk Oversight Committee, where she introduced best practices for Fellows on billing and financial ethics. Dr. Chagnon's full biography can be found online at <http://www.royalcollege.ca/rcsite/about/governance/royal-college-council/councilbiographies-e>

Order of Ontario Awarded to Dr. A. Peter Adamson for Toronto

The Society would like to extend congratulations to Dr. Peter Adamson of Toronto, who has recently been named to the Order of Ontario. He is being recognized for his work in leading teams of plastic surgeons on medical missions through his *Face the Future Foundation*.

The Lieutenant Governor Elizabeth Dowdeswell will present the honour during an investiture ceremony at Queen's Park in June 2017.

Former Lieutenant Governor Lincoln Alexander established the Order of Ontario, the province's highest official honour, in 1986. Over the past 29 years the Order of Ontario has recognized individuals who have demonstrated excellence and achievement in any field benefiting the people of Ontario or abroad.

IFOS 2021 World Congress Bid

As you know, the Canadian Society of Otolaryngology-Head and Neck Surgery has submitted a bid for IFOS to come to Vancouver in 2021. Other bid submissions include Argentina, Morocco, Japan and Dubai.

We need your help to lobby the national societies who are members of IFOS to vote for Vancouver at the IFOS Paris meeting in 2017. Each member society in good standing gets one vote. The member societies can be found at [IFOS member countries](#). If you are giving talks at OHNS meetings abroad, attached is a [slide](#) that can be added to your presentation to promote our bid.

To those members who are planning to attend the **IFOS Paris Congress** in June, we would greatly appreciate your support onsite. You are invited and encouraged to attend events being planned relevant to Canada's bid. Please RSVP your attendance so that we can provide you with details as they become available. You can reply by email at cs01.hns@sympatico.ca or give the office a call at (800) 655-9533.

Help us bring the world's otolaryngology community to beautiful Vancouver, Canada!

CSOHNS Residents' Section – Monthly Feature

This new section on the Society's website features the hard-working, final year otolaryngology residents. It is meant to celebrate their achievements and highlight the human side of medicine after all the long hours of call and studying for their exams. Learn more about [Dr. Kristine Anne Smith](#) from the University of Calgary's program.

Next month's featured resident will be Dr. Tim Phillips, Dalhousie University

We strongly encourage those who are starting PGY5 in July and are interested in participating in this great monthly feature, to email Dr. Elise Graham (your Resident Representative) at elisegraham.md@gmail.com

Canadian Otolaryngology - Head and Neck Surgery Fund

**Dr. Brian Westerberg, Vancouver, BC
President**

THANK-YOU TO OUR DONORS

Our sincerest thanks to all members who continue to support the Fund with their donations. Your contributions serve as the foundation for all the Fund's activities. The most notable of these is the Canadian Fellowship Award program. Although we have recently lost one of our corporate sponsors, we will be able to present two (2) awards in the amount of \$25,000 each, for 2017 / 2018. The recipients will be announced later this Spring.

Special acknowledgement and thanks to **Takeda Canada** for their continued and generous support of the Canadian Fellowship Award.

GLOBAL HEALTH SCHOLARSHIP

I would like to highlight this program which is open to all RESIDENTS in otolaryngology-head and neck surgery programs in Canada. Two awards of \$1,000 are given annually to successful residents travelling to a low or middle income country, or an under-serviced area in Canada. The scholarships specifically will support travel expenses incurred for the purposes of furthering research in an under-resourced setting. The successful resident will be expected to submit a report to the President of the Fund following completion of the trip and/or submit their research results for presentation to the annual meeting.

To apply, contact the Society's office at cso.hns@sympatico.ca and an application will be emailed to you or visit [Global Health Scholarship](#).

LAB COATS

Once again, we are taking orders for personalized lab coats. These white, Canadian-made coats include the Society logo with the words "Otolaryngology-Head & Neck Surgery" OR "ORL – Chirurgie cervico-faciale" embroidered over the left pocket. They can be personalized with your name and subspecialty title.

For every coat sold the COHNS Fund makes approximately \$25.00. All NET proceeds will go to the Canadian Otolaryngology Head and Neck Surgery Fund.

To order please [click here](#).

For your convenience, orders received and paid for before **May 3rd** will be available for pick-up at the Saskatoon AGM. If you wish to have your items mailed, a delivery charge will apply (see order form).
